

Annual Report

2021

About Us

Located in Austin on a 10-acre campus, The Settlement Home for Children is a licensed nonprofit that helps children in foster care access the support they need to restore and preserve a permanent sense of well-being.

Our mission is to promote healing and growth in children, young adults and families by providing a continuum of care, support and resources.

We serve individuals who have experienced severe emotional trauma, abuse and neglect.

Our vision is to end the cycle of child abuse.

Teachers certified in special education

About Our Programs

Our programs help children heal and grow.

RESIDENTIAL TREATMENT CENTER

Our Residential Treatment Center (RTC) provides 27 beds for girls and young women ages 11-18 in a highly structured environment with 24-hour therapeutic support. While many children in foster care are in the state's custody for basic needs, all residents at The Settlement Home for Children come to us with urgent, critical needs. Our RTC is a safe and nurturing environment that allows our residents to begin trusting the healing process.

GROUP HOME PROGRAM

Our Group Home Program (GHP) provides 23 beds for girls and young women ages 12-18 in a home-like setting with 24-hour therapeutic support. The goal of the GHP is to create a family-like environment while giving our residents the opportunity to practice independent living skills that will help them prepare for adulthood. Residents grocery shop together, cook at home and enjoy independent recreation time.

TRANSITIONAL LIVING PROGRAM

Our Transitional Living Program provides 11 efficiency apartments for young women 18-21 who are not quite prepared to live on their own and therefore choose to remain in the custody of Child Protective Services. Residents live in apartments on our campus and receive case management and therapy. These young women continue to build life skills like financial literacy and job preparedness.

FOSTER & ADOPTION PROGRAM

Our Foster & Adoption Program (FAP) works with Child Protective Services to provide either a temporary or permanent home for boys and girls of all ages who can no longer remain in their current living situation. Transitioning into a foster or adoptive family can be a challenging time for children. To best support families during this transition period, our FAP trains foster and adoptive families in trauma-informed care and supports them through the foster and adoption process.

UNIVERSITY OF TEXAS CHARTER SCHOOL

Our on-campus University of Texas Charter School serves students from sixth through 12th grades, within a supportive learning environment. To support our students as they work towards their academic goals, The Home provides individualized student graduation plans, regular one-on-one support, credit recovery and weekly tutoring.

Thank you for your support!

We are grateful for the care and generosity of our wonderful community.

Throughout 2021, we enjoyed celebrating moments and milestones in our kids' lives.

In addition to strengthening our programs and providing a nurturing environment, your support helps us to create happy and safe memories for our kids.

Your impact is lasting, and we couldn't do it without you!
